We take care to select local suppliers ensuring the ingredients we serve you have been farmed & raised in a way which is respectful & ethical. Much of our meat is reared in Wiltshire & free-range. Charcuterie and bacon served on our menus is provided by Robert Buttle of Buttle Farm & helps us keep the heritage of the Wiltshire Cure alive. Six varieties of rare breed pigs live charmed lives on Robert's farm just a couple of miles from the Lansdowne Strand. Our cheeses & butter are sourced from small award winning producers & change seasonally to reflect their availability. Where possible fruit & vegetables are sourced from Heritage Fine Foods who grow their fantastic product a short 5 miles away in the village of Bromham. We make our own focaccia and soup rolls but all other loaves are lovingly baked by just three artisan bakers at Honesty Bakery & free from any artificial nasties!

Our Regent Room is available for private dining or meetings of up to 14 people. Please ask for further details.

Our kitchen are passionate about the food they produce for you to enjoy & we make almost everything ourselves- right down to our mayonnaise! Should you have any food allergies please do let us know before you order. We strive to serve you fantastic food, not fast food! Please remember at busy times that good things come to wait. We will never keep you in the dark & any anticipated delay will be relayed to you before you order.
